### **Building Access Guide**

Our car park surface has been upgraded to a smooth tar finish.

There are two clearly marked blue badge parking spaces within our car park situated close to Cafe's entrance.

Situated at the Cafe's front door is an accessible platform lift. A call button requires to be pushed as help from our Café Staff is required for its operation. Please be reassured that our Café Staff will carry out the process discreetly and with the minimum of fuss.

Once inside, our Café Staff will provide an appropriate table.

There is an accessible toilet on the same level as the Café.

Sign posted and situated around the back of The Medan Centre, is an accessible entrance to the Quarry Room.

Our Café Staff are always on hand to help and advise, please just ask them.
